PARC Call Sign & Webpage Now K0SW

The FCC approved the PARC call sign change to K0SW on August 6. Our web site was changed to reflect that change. The domain K0SW.org was purchased from GoDaddy.

It took a few days to get both domains to access our web site. One may now connect using the original www.k0jfn.com or by using the redirected link www.k0sw.org. Access is also available using k0jfn.com or k0sw.org.

Access will remain available using these URLs until January 2020 when our hosting needs to be renewed. Since there is no need to pay for hosting of two domains, in January, the hosting of [k0jfn](http://k0jfn.com) will be dropped, and a “domain name account change” request will be made for k0sw.org.

Thanks to Don, K0OM, for getting things straightened out!

Antenna Going Up

Wes gives it the thumbs up on the roof!

Nina adjusting the attachment!

Right: The Antenna is Up

08.10.2019—Late Saturday afternoon Nina K0NSS and I, KE0WHA were joined by Wes KD0PGV for the Antenna Party. Lyman Nelson WB0IEN donated a Cushcraft R7 Multi Band HF Vertical to Nina and me in late July. With a lot of planning on how to erect the antenna safely and a week's worth of knocking down very persistent hornets the antenna went up and was secured to ground late Saturday Evening. A big thanks to Weston KD0PGV for his patronage which was crucial for safety. Had a great day!
